To HR Manager,

Dear Sir/Ma'am,

As a skilled intern with more than three internships under my experience in the fields of cloud, software development, data analysis, and web development, I'm confident that I'm the best person for the open position at your organization.

In my most recent position, I worked on some actual projects where I effectively used my skills to complete my work as perfectly as I could. Additionally, I learned about various in-demand technologies and gained valuable experience.

I'm a very enthusiast person to learn new things through practicing itself. I will try my best to make your task as efficient as possible with my strong mindset and diligent nature.

I will make you realize through my honest efforts and passion for work that your choice of hiring me was worthy.

I am looking forward to speaking with you about this role. You can reach me at [khotpavankumar27@gmail.com](mailto:khotpavankumar27@gmail.com) or +91 9307268996.

Sincerely,  
Pavankumar Khot
